

IMPAACT 2001 Prohibited and Precautionary Medications

As our understanding of drug interactions continues to grow as new information becomes available, the following information may not be all-inclusive. Consultation with the most recent prescribing information, package inserts, and the drug interaction websites listed below is advised when determining the significance of potential drug interactions. Any questions regarding medications that are not included within this document should be emailed to the IMPAACT 2001 Core Team for approval (impaact.core2001@fstrf.org).

Helpful Websites for information on Drug Interactions:

- HIV Drug Interactions: <http://www.hiv-druginteractions.org/>
- inPractice: <http://www.inpractice.com>
